

Notice Period Policy

Separation Workflow, Rules & Financial Calculations

1. Objective & Applicability

To ensure a smooth, organized separation workflow that provides maximum transparency to both the departing employee and the company.

Scope: Applies to all full-time employees working in India. Resignations must be formally submitted through the HRMS portal to officially initiate the notice timeline.

2. Notice Period Duration

60 Days

Mandatory for all employees — cannot be waived under any circumstances.

3. Critical Operational Rules

No Leave Adjustments

Accumulated privilege leave cannot reduce or offset the mandatory notice period.

No Financial Buyout

Employees cannot buy out the notice period monetarily.

Emergency Medical Extension

If emergency medical leave is approved during notice, the final working day extends by the exact number of leaves used.

Weekend / Holiday Clause

If the last working day falls on a public holiday or weekend, the official release date shifts to the immediately preceding working day (no penalty to the employee).

4. Notice Pay Formula

If an employee fails to serve the full notice period:

$$\text{Notice Pay} = (\text{Monthly Gross Salary} \times 12) \div 365 \times \text{Days Not Served}$$

Includable Components	Excludable Components
Basic Pay, HRA, Flexi, Conveyance Allowance, Standard Monthly Payouts	PF, ESI, NPS, Superannuation, Gratuity, Insurance Premiums

5. Absconding Rules (Unauthorized Absence)

Definition: Continuous unapproved absence beyond 5 consecutive working days triggers automatic classification as an unauthorized exit.

Timeline	Action
Day 3 + 24 hours	Warning 1 issued
Warning 1 + 48 hours	Warning 2 issued
Warning 2 + 48 hours	Termination — no notice pay
